

Kidspiration

Kidspiration is a graphic organizer that helps students organize their writing and other concepts/ideas. It has a “read-back” feature that allows the student to “hear” what they have written; pre-made activities appropriate for younger students; and loads of graphics for students to use to demonstrate mastery of a concept.

To begin, log on to a machine that already has Kidspiration loaded.

Go to the START menu

Select PROGRAMS

Click on KIDSPIRATION

On the Kidspiration Start-Up menu, you can choose to start with

- a blank project where the student uses pictures or Words to create a project
- an existing Kidspiration document – choose “Open a File”
- a pre-made Kidspiration Activity for
 - o Reading and Writing
 - o Social Studies
 - o Science
 - o Other
