# SALZBURG, AUSTRIA GERMANY

## The birthplace of composer W. A. Mozart

Let's face it...no European Concert Tour would be complete without spending some time in the birthplace of one of the most famous composers ever known! A day trip from Seefeld to Salzburg is just what we need to round out our Austrian stay!

Salzburg, Austria is the fourth-largest city in Austria and is also the birthplace of Wolfgang Amadeus Mozart. Salzburg's historic center is renowned for its Baroque architecture and is one of the best-preserved city-centers north of the Alps. A unique combination of scenic Alpine landscape and architectural richness has led to Salzburg's reputation as one of the world's most beautiful cities.

# Austria in our rear-view mirror and Germany on the horizon...

As we leave Austria and make our way into Germany, we must say good-bye to one of the most beautiful places on Earth. First stop...the Dachau Concentration Camp Memorial in Dachau, Germany. This will be emotional for some and educational for all, as Dachau was one of the first concentration camps built after Adolf Hitler became Reich Chancellor.

Following our visit, we will stop for lunch at a local German restaurant, before getting back on the road. After several hours, we make our way to our final destination, Rothenburg, Germany - the walled medieval city.

## Alas, Only 1 Day Left

Following a German continental breakfast, we will have the morning to explore this amazing little village. It's German charm and medieval history is just the beginning. After you have walked the city wall, you may want to visit the Criminal Museum, the Christmas Museum or the Doll and Toy Museum! This is an excellent place to buy your souvenirs and gifts! Choose from hand-made Christmas ornaments, a suit of armor, a cuckoo clock or an authentic German Teddy Bear. So many wonderful things!

Today will also be our final performance - a concert in the town square. After dinner in our hotel, we will meet for our final gathering and our Goodbye to Europe Party.

## Farewell, My New Friends

Rise and shine bright and early because we have to make the long drive to Frankfurt International Airport for our return to the United States. With all of our souvenirs packed and our camera rolls full to the brim, it's time to say good-bye to our temporary European life.

Until next time...
